FOUNDATION

OUR MISSION

Empowering
Texas communities
to thrive and prosper

OUR VISION

Building a bigger,
better future
for Texans

IN LOVING MEMORY OF **ROBERT L. “BOBBY” MOODY**

His legacy continues in our community and at our Foundation.

☞☞ My father loved his family and he loved Galveston, working tirelessly, mostly behind the scenes, to make certain both were taken care of. He loved the island so much I would tell others that my father had five children — with the fifth being Galveston — and he loved us all. ☞☞

ROSS MOODY

☞☞ My father’s hometown of Galveston would look very different had he not brought his ideas to fruition. ☞☞

FRANCES MOODY-DAHLBERG

DEDICATION TO ROBERT LEE MOODY, SR. July 28, 1935 - November 7, 2023

Robert L. Moody, Sr., 88, nationally recognized businessman, philanthropist and patriarch of the Moody family, passed away on November 7, 2023, at his home in Galveston. “Bobby,” as he was affectionately known by so many, shepherded the Moody family’s insurance, banking and hospitality businesses in Texas with immense success for over 60 years.

Grandson of renowned financier and entrepreneur W.L. Moody, Jr., Bobby was gifted with the Moody business acumen and foresight. He soon followed in his grandfather’s footsteps, and in 1956 founded National Western Life Insurance Company. In 1960, Bobby joined the American National Board of Directors, becoming Chairman of the Board in 1980 and President in 1996. As the grandson of the company’s founder, he helped build American National into a leader in the insurance industry, providing a sense of financial security for millions of Americans.

Bobby’s impact extended far beyond business thanks to his generous philanthropic efforts in Galveston and beyond, including the establishment of Moody Neurorehabilitation, formerly the Transitional Learning Center, for the rehabilitation of brain trauma patients. In 1992, to sustain and develop the economic health of his beloved hometown of Galveston, Bobby spearheaded the construction of Moody Gardens.

He was often described as having a visionary spirit and deep empathy for others, coupled with a relentless perseverance in matters important to him. Bobby was known to be incredibly equitable, always treating those with whom he worked and interacted with great dignity and respect. Colleagues throughout Bobby’s career remember his fairness and eagerness to both teach and learn.

In addition to his home city and businesses, family was always Bobby’s top priority. His children remember how effortlessly he balanced work and family throughout his long career. Memories of family members include Saturday morning baseball games with all the neighborhood children—with Bobby always acting as coach, pitcher and umpire. Travel was also an important way for the Moody family to spend time together. Bobby and his late wife, Ann, traveled often with their children in tow, creating lifelong memories from Florida to New York.

As we celebrate our 80th anniversary, let us not only look back on the distance we have traveled but also look forward to the path ahead.

FRANCES MOODY-DAHLBERG

LETTERS FROM OUR TRUSTEES

FROM THE CHAIRMAN

DEAR FRIENDS AND COLLEAGUES,

In 2022, we marked the 80th anniversary of the Moody Foundation. Our journey has been guided by a deep commitment to the people of Texas and a vision of positive change. I am filled with profound gratitude and reflection.

Over these eight decades, we have witnessed the transformative power of philanthropy in action. We have seen lives transformed through education, communities revitalized through green spaces, and the arts flourish as a reflection of our rich culture. We have partnered with incredible organizations and individuals who share our mission and vision, and together, we have made a meaningful impact.

But our work is far from over. As we look ahead, we see new challenges and opportunities on the horizon. The world – and Texas – is changing rapidly. The Moody Foundation is committed to adapting to the ever-changing needs of our communities and to continue to serve as a beacon of hope and support for those in need.

I want to express my heartfelt gratitude to our partners, supporters and the dedicated individuals who have been part of this incredible journey. Your unwavering commitment has been instrumental in our success.

As we celebrate our 80th anniversary, let us not only look back on the distance we have traveled but also look forward to the path ahead. Together, we can continue to make a difference, and I am excited to see where the next chapters of our journey will take us.

Sincerely,

Frances Moody-Dahlberg

CHAIRMAN

Our path from Galveston to a statewide presence has been a remarkable one, marked by a steadfast commitment to improving the lives of Texans.

ROSS MOODY

FROM THE VICE PRESIDENT

DEAR FRIENDS AND COLLEAGUES,

As we reflect on 80 years of the Moody Foundation's journey, the theme of "Distance Traveled" holds special significance. Our path from Galveston to a statewide presence has been a remarkable one, marked by a steadfast commitment to improving the lives of Texans.

Education, health, green spaces, social services, arts and more – these areas have been the canvas upon which we have painted our vision of a better Texas. We have seen the impact of our investments in the lives of individuals and communities, and it has been a privilege to be part of this transformative journey.

In 2023 we announced our largest pledge to date: committing \$1 billion for Texas education over a 20-year period. This unparalleled commitment promises to fuel a new generation who will continue to carry forward our vision of a better, brighter future for Texas.

One of the most rewarding aspects of our work has been the partnerships we have cultivated. The shared dedication to our mission has been a source of inspiration and strength. We know that by collaborating together, we can achieve far more than we ever could alone. I have particularly enjoyed working alongside my fellow trustees and staff, whose dedication and expertise have been instrumental in our collective achievements.

As we look ahead, we see immense potential for continued growth and impact. Our journey is far from over, and we are excited to embark on the next chapter. Together, we have made a difference, and together, we will continue to make Texas an even better place for all.

Sincerely,

Ross Moody

VICE PRESIDENT

The heart of our mission has always been to empower individuals and communities, and I am proud of the impact we have made.

ELIZABETH MOODY

FROM THE SECRETARY & TREASURER

DEAR FRIENDS AND COLLEAGUES,

Eighty years is a significant milestone, and as we celebrate this anniversary of the Moody Foundation, I am reminded of the extraordinary journey we have undertaken. From our origins in Galveston, we have grown to become a driving force for positive change across the entire state of Texas.

The heart of our mission has always been to empower individuals and communities, and I am proud of the impact we have made. Our commitment to collaboration and partnership has been a hallmark of our success. Together with our dedicated trustees, staff and partners, we have been able to tackle complex challenges and create lasting solutions. We believe in the power of working together to achieve our shared goals.

As we look to the future, we are inspired by the potential for even greater impact. We remain committed to innovation, adaptability and a steadfast focus on the needs of our communities.

I extend my deepest appreciation to all those who have been part of this incredible journey. Your support and dedication have been instrumental in our accomplishments, and we are excited to continue making a difference in the lives of Texans for generations to come.

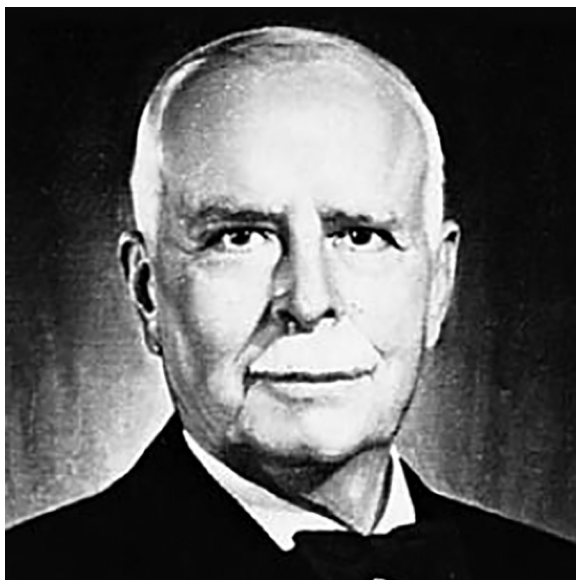

Sincerely,

Elizabeth Moody

SECRETARY & TREASURER

THE MOODY FOUNDATION

THE FOUNDERS

William Lewis Moody, Jr.

Libbie Rice Shearn Moody

The Moody Foundation was established in 1942 by William Lewis (W.L.) Moody, Jr. and Libbie Rice Shearn Moody. The Moodys were prosperous, and their enterprises flourished on Galveston Island. Their commercial interests included banks, newspapers, cotton, ranches, hotels and insurance. Over the years, their efforts continued to expand across Texas, helping to shape their vision for the Foundation's everlasting commitment to present and future generations of Texans.

After W.L. Moody, Jr. passed away in 1954, his oldest daughter, Mary Elizabeth Moody Northen, took over at the Foundation. Serving for more than 30 years, she was instrumental in the historical restoration movement in Galveston in the 1970s and focused on improving colleges and universities across Texas. Upon her death in 1986, Robert L. Moody, grandson to W.L. Moody, Jr., landed at the helm of the Foundation as the chairman.

Robert followed in his predecessors' footsteps with his commitment and tenacity. He was able to build on their strengths and strategies as a dedicated trustee, savvy financial strategist and creative thinker for the Foundation. Robert's deep-rooted commitment to his Galveston community led to the creation of Moody Gardens and the Moody Neurorehabilitation Institute, boosting economic prosperity and providing much-needed services for his hometown.

Robert L. Moody served on the board for more than 50 years and retired in December 2015. He passed away on November 7, 2023, at his home in Galveston. The momentum at the Moody Foundation continues with Frances Moody-Dahlberg as Chairman, Ross Moody as Vice President, and Elizabeth Moody as Secretary and Treasurer.

For over eight decades, the philanthropic heritage of the Moody family has been at the forefront of the Foundation. A charitable spirit passes from generation to generation, growing stronger over time.

With a vastly changing Texas, the latest generation of trustees values and celebrates the unique experiences and diverse backgrounds of all Texans, recognizing areas of greatest need. Their fresh perspective further expands the Foundation's mission to reach more corners of the state, from helping to bridge the digital divide in West Texas to expanding quality healthcare services in rural communities. Under their leadership and guidance, transformative gifts to the arts, education, environment, healthcare and social services continue to improve the lives and build a better future for Texans.

All the Moody Foundation grants – large and small – express a sense of coming together as a community, honoring the diversity and uplifting the hopeful spirit that is Texas.

The legacy of the Moody Foundation continues as new generations build on the solid foundation of the past.

The organization remains true to its mission and vision while finding new and innovative ways to better our communities. The Moody Foundation is governed by a board of three trustees charged with acting on all grant requests, determining operating and investment policies and acting on all business matters. The trustees receive the support of a loyal, knowledgeable staff and grants team, many of whom have worked for the Foundation for several decades.

THE MOODY FOUNDATION

MEET THE TRUSTEES

Frances Moody-Dahlberg

Chairman

Frances “Francie” Moody-Dahlberg, CEO and President since 1998, oversees the Foundation’s activities throughout the state.

A graduate of Southern Methodist University, Francie has strong interests in women’s and children’s issues and the arts. She has championed the Foundation’s philanthropy in these areas with signature grants to Children’s Medical Foundation, Dallas CASA, a number of child welfare, early childhood and educational programs as well as Moody Performance Hall and Moody Fund for the Arts. She serves as a trustee of SMU and is on the boards of the AT&T Performing Arts Center, Moody Neurorehabilitation Institute and Moody Endowment and the advisory board of Crystal Charity Ball.

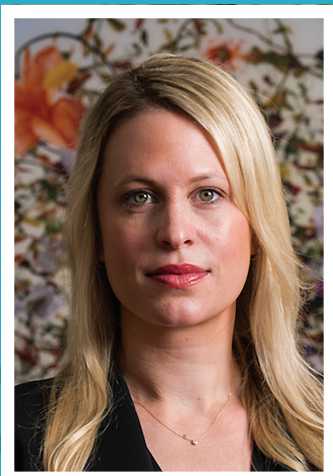

Ross R. Moody

Vice President

Ross Moody began serving as a Moody Foundation trustee in 1986. He graduated from the University of Texas at Austin with a BBA in Finance and earned an MBA from Harvard University. Ross is currently the Chairman and CEO of National Western Life Group, where he also served as President and COO from 1992–2016. Ross serves on the board of directors of Moody NeuroRehabilitation, the Moody Endowment and the National Advisory Council for the Moody College of Communication at the University of Texas at Austin.

Ross has a deep appreciation for education and community. He led the Foundation in the creation of the Generation Moody Education Initiative and the M-Pact Fund, as well as major public space initiatives in Austin via investments in the Pease Park Conservancy, Waller Creek Conservancy and the Moody Center.

Elizabeth Moody

Secretary and Treasurer

Elle was appointed to the Moody Foundation's Board of Trustees in 2015. She was named the Foundation's Senior Vice President of Grants and Chief Communications Officer in 2023. Elle is a graduate of Rice University and holds a Master's degree in Visual Art Administration from New York University. Prior to the Moody Foundation, Elle was a Senior Account Director at the global communications firm Sutton, where she led international media strategies for a diverse roster of clients in the cultural sector.

Elle leverages her diverse background in arts and culture to guide the foundation's investments across Texas. She has advocated for projects ranging from the Blanton Museum of Art in Austin to the Galveston Arts Center. Elle currently serves on the Rice University Board of Trustees, the Advisory Board for the Moody Center for the Arts at Rice University, Ballroom Marfa, the National Leadership Board for the Blanton Museum of Art, and the Moody College of Communication Advisory Council at The University of Texas at Austin.

THE M-PACT PLEDGE

In a historic move, the Moody Foundation announced in 2024 its commitment of \$1 billion for Texas education over a 20-year period.

The Foundation's pledge marks one of the largest grant commitments ever made by a private foundation in Texas and is set to reshape the future of education across the state.

Titled the "M-Pact" fund, the initiative reflects the trustees' vision of a mutual promise and partnership between the Foundation and its grantees to support student success. With benefits extending beyond grant funding, the M-Pact Fund will cultivate a comprehensive network of grantees who are fueling student success.

Through an open Request for Proposals, the Foundation will distribute approximately \$20 million annually to education institutions and qualified nonprofits whose work aligns with our strategic priorities of Early Learning and Postsecondary Success. The Moody Foundation's 2024 open RFP process will be carried out in two funding cycles.

Under this groundbreaking initiative, the Foundation will also support public colleges and universities in Texas through endowments that will be announced at a later date. These endowments are intended to bolster long-term student success and health.

The M-Pact Fund will be complemented by annual regional giving through the Foundation's traditional grant application process, allowing for continued support of organizations whose work falls outside of the Fund's strategic pillars.

For more on the key dates, eligibility, FAQs and additional details, please visit moodyf.org/education-mpact-fund or email education@moodyf.org.

FUELING STUDENT SUCCESS IN AREAS OF DEEPEST IMPACT AND GREATEST NEED.

The University of Texas Austin

The Moody Foundation is making an unparalleled commitment to the future of Texas by investing in education. Our goal is to fuel student success in areas of deepest impact and greatest need, while providing the opportunity for every Texan to access a high-quality education. Our commitment encompasses a comprehensive approach to the Foundation's education grantmaking to support students from cradle to career and help them overcome barriers along the way. We believe the classroom is a launching point for positive change and hope this promise fuels a new generation who will continue to carry forward our vision of a bigger, brighter future for all Texans. 

Ross Moody, Moody Foundation Trustee

DISTANCE WE'VE TRAVELED

80 YEARS OF IMPACT **ACROSS TEXAS**

Over the past 80 years, the Moody Foundation has made significant contributions to philanthropy.

Moody Gardens

The University of Texas Austin

Throughout our history, we have focused on improving the lives of people in Texas and beyond through charitable initiatives. The Foundation has played a pivotal role in supporting education, healthcare, the arts and various community development projects.

One of the Foundation's key areas of impact has been in education. The Moody Foundation has provided substantial funding to educational institutions, scholarships and programs, helping to create opportunities for students of all ages. This support has included investments in K-12 education, higher education and vocational training, making quality education more accessible to individuals and communities. The Foundation's latest student-related initiative is the Education M-Pact Fund, an annual grantmaking process and a key component of our historic commitment of \$1 billion for Texas education over 20 years.

In addition to our commitment to education, the Moody Foundation has been instrumental in advancing healthcare initiatives and medical research. We have contributed to the construction and expansion of medical facilities, funded research efforts to combat diseases and supported healthcare organizations that provide vital services to those in need. Furthermore, the Foundation has made significant contributions to the arts, cultural institutions and community development projects, enriching the cultural fabric of Texas and enhancing the quality of life for its residents. Over the past eight decades, the Moody Foundation has demonstrated a deep commitment to philanthropy, leaving a lasting legacy in Texas and a positive impact on critical facets of society.

Moody Gardens

EXPANDING HORIZONS

The Moody Foundation will always focus on the needs of Galveston, but as our giving grew beyond our hometown, so did our aspirations. We recognized that the challenges faced by Texans were not confined to one city or region but spanned the entire state. Our commitment to making a difference became our compass, guiding us as we expanded our reach to benefit communities far and wide. The journey was not without its challenges, but our determination and the unwavering support of our supporters and partners propelled us forward.

The University of Texas Austin

Hospice Austin

Education

Education has always been at the core of our mission. We firmly believe that it is the key to empowering individuals and communities. Over the decades, we have invested significantly in education across Texas, including through the Moody Scholars program, Generation Moody Education Initiative, the Moody Early Childhood Center, The University of Texas at Austin, Rice University, Southern Methodist University and our new M-Pact Fund. From supporting scholarships for deserving students to funding innovative programs in schools, we have paved the way for countless Texans to access quality education. The distance we have traveled in the realm of education is a testament to our dedication to building a brighter future for the people throughout Texas.

Health

Good health is the foundation of a thriving community. The Moody Foundation has not only embraced this truth but has actively contributed to the health and well-being of Texans. We have supported healthcare facilities, medical research and initiatives that tackle pressing health challenges with Parkland Hospital, Moody Neurorehabilitation Institute, Hospice Austin and many more institutions. The journey toward better health outcomes for all Texans continues, fueled by our commitment to a healthier and happier future.

Moody Amphitheater at Waterloo Greenway Conservancy

Austin Child Guidance Center

Green Spaces

Green spaces are a refuge for the soul. The Moody Foundation has invested in the creation and preservation of parks, gardens and natural spaces from the Moody Amphitheatre at Waterloo Greenway to Barton Springs Conservancy, providing opportunities for recreation, relaxation and a connection to nature. Our commitment to bringing the serenity of green spaces closer to communities has allowed us to bridge the gap between urban and natural landscapes.

Social Services

Texans face various hardships, and the Moody Foundation has been there to provide a safety net for organizations like Austin Child Guidance Center, Achilles International Inc and Boys & Girls Clubs across Texas. We have supported organizations that offer vital social services like housing assistance and food security programs. The distance we have traveled in this area mirrors our commitment to ensuring that no Texan is left behind.

Blanton Museum Moody Patio

Arts

Art and culture enrich our lives and bind communities together. The Moody Foundation has been a steadfast supporter of the arts, funding museums, cultural institutions and artists across Texas, including the Blanton Museum at The University of Texas at Austin, Galveston Arts Center and the Moody Center for the Arts at Rice University. Our journey in the realm of arts and culture has not only celebrated the diverse expressions of our state but has also helped preserve our heritage for generations to come.

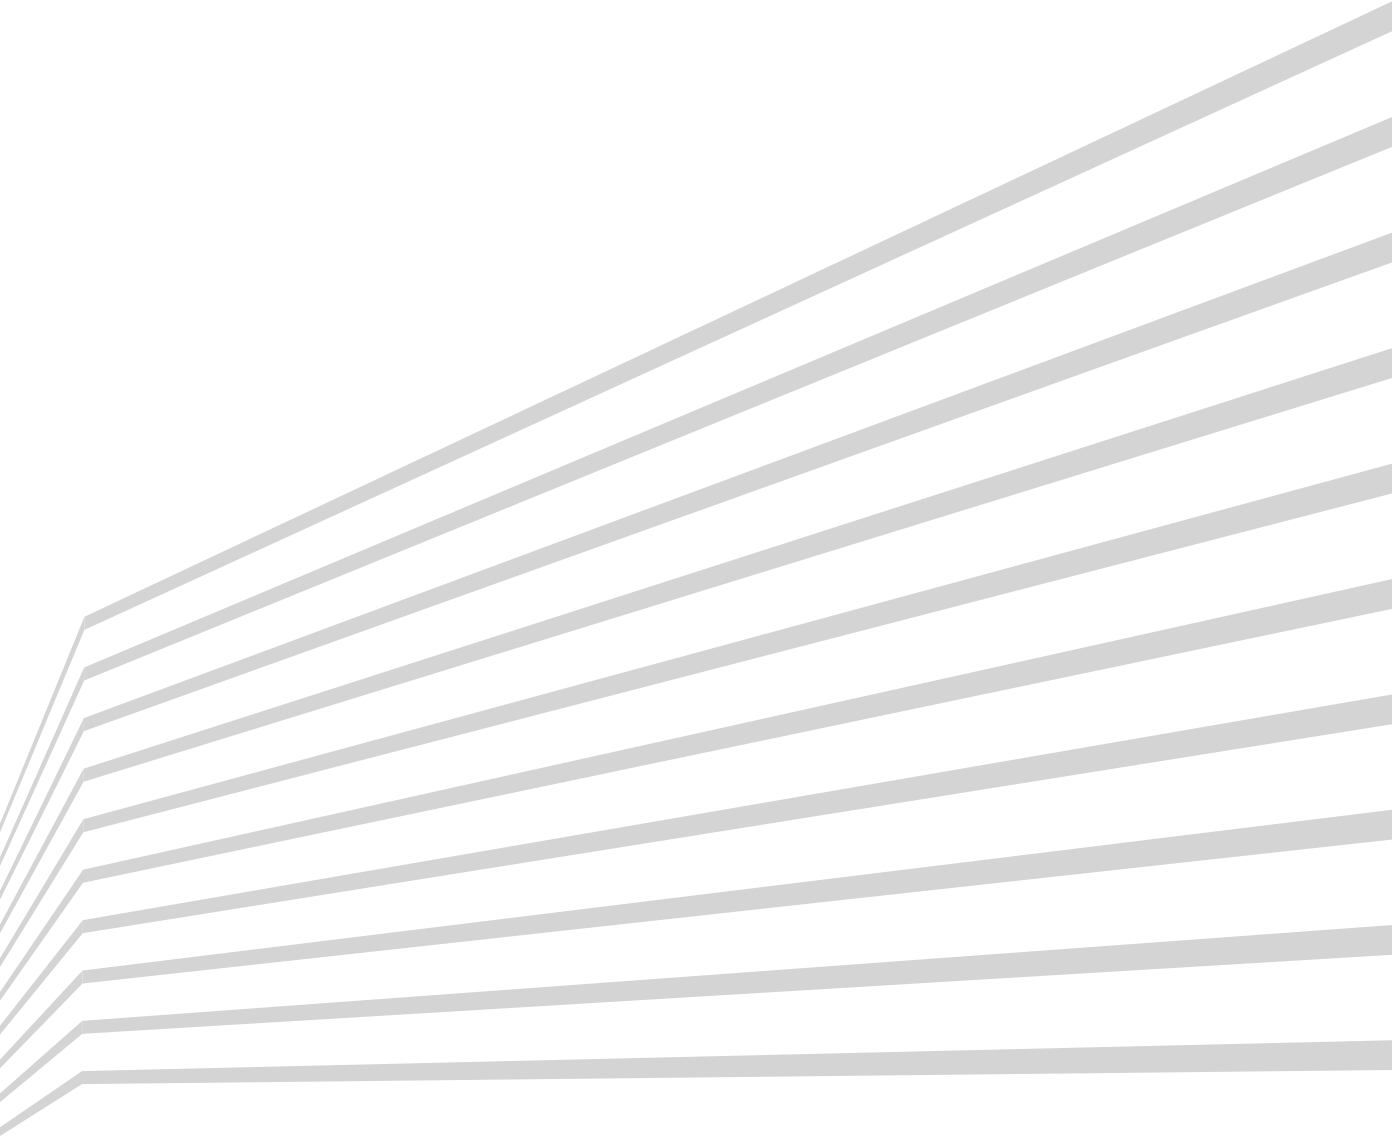

THE ROAD AHEAD

As we reflect on the distance we have traveled, we are filled with gratitude for the opportunity to serve the people of Texas. However, our journey is far from over. The challenges facing our state continue to evolve, and we remain committed to adapting and innovating to meet them head-on.

We will also remain steadfast in our belief that collaborative partnerships are the key to creating lasting change. With our partners, we will bridge the distance between challenges and solutions, turning dreams into reality.

Looking into the future, we are excited to continue this journey together, working to address the evolving needs of Texas. The road ahead may be long, but with dedication, collaboration and a shared vision, we are confident that we can make an even greater difference in the lives of Texans today and for generations to come.

FINANCIAL REPORTS 2022-2023

Financial Statements and
Independent Auditors' Report
for the years ended
December 31, 2023 and 2022

THE MOODY FOUNDATION

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Qualified Opinion

We have audited the financial statements of The Moody Foundation (the Foundation), which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities and of cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, except for the effects on the 2022 financial statements of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion

Through May 2022, the Foundation's interest in certain investments in which the Foundation's ownership interest exceeded 20% were accounted for using the fair value method (See Note 2). In our opinion, based upon the fact that the Foundation's ownership of these entities exceeded 20%, accounting principles generally accepted in the United States of America required that these investments be reported using the equity method of accounting. The impact on the 2022 statement of activities that results from this departure from generally accepted accounting principles is not reasonably determinable.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the 2022 financial statements and for our unmodified opinion on the 2023 financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

The Moody Foundation

Notes to Financial Statements for the years ended December 31, 2023 and 2022

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – The Moody Foundation (the Foundation) is a private charitable foundation created in 1942 by W. L. Moody, Jr. and his wife, Libbie Rice Shearn Moody. For more than 70 years, the Foundation has funded projects and programs that better communities in the State of Texas. The purpose of the Foundation is to promote and fund projects in the charitable areas that include, but are not limited to, humanities, arts, religion, education, health, science, community, and social services in the State of Texas.

Federal income tax status – The Foundation is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code (the Code) and is classified as a private foundation under §509(a). The Foundation is exempt from federal income tax on income from related activities under §501(a) but is subject to excise tax on its net investment income.

Cash equivalents include highly liquid investments with original maturities of three months or less and are held for ongoing operations.

Investments are reported at fair value. Realized gains and losses on securities sold are determined using the specific identification method and original cost. Purchases and sales of investments are reported on a trade-date basis. Unrealized gains and losses on securities arise from increases or decreases in fair value and include the effect of currency translation with respect to transactions and holdings of foreign securities.

Interest in charitable remainder trust – At December 31, 2022, the beneficial interest in the Libbie Shearn Moody Trust (the Trust) was recorded based on the estimated fair value of the Foundation's percentage remainderman interest held by the Trust, less the present value of the payments expected to be made to other life estates. In November 2023, the last named income beneficiary of the Trust passed away and no further payments are expected to be paid to other life estates. The value of the Trust assets at December 31, 2023 represent the value of the remainderman interest due to the Foundation.

Right-of-use assets – operating leases are recognized at the present value of the lease payments at inception of the lease. Lease expense is recognized on a straight-line basis as rent expense in the statement of activities.

Net asset classification – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Net assets without donor restrictions* are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation.
- *Net assets with donor restrictions* are subject to donor-imposed restrictions. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both.

Grants awarded are recognized as expense when the Foundation approves an unconditional commitment to a grant recipient. Commitments made but not yet funded are reported as grants payable. Grants payable in more than one year are reported at the present value of their future cash outflows using a risk-free rate-of-return applicable to the year the grant was made.

Functional allocation of expenses – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Management and general activities are not directly identifiable with specific program activities. Salaries and related costs are allocated on the basis of estimated time and effort expended. Depreciation of building and improvements and occupancy costs are allocated based on square footage. Information technology costs are allocated based on estimates of time and costs of specific technology utilized.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts of reported revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

NOTE 2 – PRIOR PERIOD DEPARTURE FROM GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

At December 31, 2021, the Foundation owned approximately 6.1 million shares of common stock of American National Group, Inc (ANAT) representing an ownership interest of approximately 23% of ANAT. During 2021, ANAT completed a merger and became a wholly-owned subsidiary of Brookfield Asset Management Reinsurance Partners, LTD. The transaction closed in May 2022 with all shares of ANAT owned by the Foundation being exchanged at \$190 per share. The Foundation previously reported the investment in ANAT at fair value, as opposed to using the equity method of accounting for ownership interest exceeding 20%. Accordingly for the year ended December 31, 2022, the opinion for the Foundation was qualified for this departure from generally accepted accounting principles.

NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of December 31 comprise the following (in thousands):

	2023	2022
Financial assets:		
Cash equivalents	\$ 36,113	\$ 5,610
Investment income receivable	1,512	4,426
Federal excise tax receivable		37
Other assets	2,950	150
Investments	2,416,986	2,176,631
Interest in charitable remainder trust	<u>1,736,143</u>	<u>1,639,692</u>
Total financial assets	4,193,704	3,826,546
Less financial assets not available for general expenditure:		
Investments	(2,416,986)	(2,176,631)
Program notes receivable	(2,950)	(150)
Interest in charitable remainder trust net of expected distribution of interest and dividends	<u>(527,944)</u>	<u>(1,583,585)</u>
Total financial assets available for general expenditure	<u>\$ 1,245,824</u>	<u>\$ 66,180</u>

The Foundation's operating expenses are substantially supported by distributions from the charitable remainder trust, interest and dividend income and oil and gas royalties. For purposes of analyzing resources available to meet expenditures over a 12-month period, the Foundation considers all expenditures related to its ongoing charitable activities, as well as the conduct of services undertaken to support those activities, to be general expenditures.

As part of the Foundation's liquidity management, it structures its financial assets to be available as its general expenditures and liabilities become due. The Foundation's investments are invested for long-term appreciation but remain available to be spent at the Board of Trustees' (the Board) discretion. The Foundation operates with a balanced budget and determines the spending level for each year as part of the annual budget process. If investments are required to meet operating commitments, funds will be liquidated at the Board's discretion.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient have not been categorized in the fair value hierarchy. The three levels of the fair value hierarchy are as follows:

- *Level 1* - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date. The types of investments included in Level 1 are securities traded and valued based upon a public exchange.
- *Level 2* - Inputs are quoted prices in nonactive markets or in active markets for similar assets or liabilities, or inputs which are either directly or indirectly observable with observable market data at the reporting date.
- *Level 3* - Inputs are not observable and are based on the reporting entity's assumptions about the inputs market participants would use in pricing the asset or liability. See Note 8 for unobservable inputs for the interest in the charitable remainder trust.

Investments in private equity partnerships and hedge funds, which do not have a readily determinable fair value and are not traded on a public exchange, are measured at net asset value per share (or its equivalent) using the practical expedient and are not required to be assigned a level within the fair value hierarchy.

Assets measured at fair value at December 31, 2023 are as follows (in thousands):

	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Cash equivalents:				
Money market mutual funds	\$ 36,113			36,113
Investments:				
Commingled funds:				
Domestic market index	\$	845,008		845,008

Other equities			\$ 33,100	33,100
Interest in charitable remainder trust			<u>1,639,692</u>	<u>1,639,692</u>
Total assets in fair value hierarchy	<u>\$ 622,560</u>	<u>\$ 1,336,495</u>	<u>\$ 1,672,792</u>	3,631,847
Investments:				
Private equity partnerships and hedge funds				<u>190,086</u>
Total assets measured at fair value				<u>\$3,821,933</u>

Valuation methods used for assets measured at fair value are as follows:

- *Commingled funds* consist of nine funds with daily to monthly redemption terms which require from 1 to 30 days' advance notice. These investments are valued at net asset value (NAV) as determined by fund management based upon the reported fair value of the underlying investments. The underlying assets of the funds are primarily invested in securities trading in public markets and NAV for these funds is available routinely to fund investors.
- *Common stock* is valued at the closing price reported on the active market on which the individual securities are traded.
- *U. S. Government agency securities, corporate debt securities and municipal obligations* are valued using prices obtained from independent quotation bureaus that use computerized valuation formulas which may include market-corroborated inputs for credit risk factors, interest rate and yield curves, and broker quotes to calculate fair values.
- *U. S. Treasury securities* are valued using prices obtained from active market makers and inter-dealer brokers on a daily basis.
- *Mutual funds* are valued at NAV.
- *Charitable remainder trust* is valued as described in Note 8.

- *Private equity partnerships and hedge funds* are valued at NAV (or its equivalent) as a practical expedient to determine fair value. NAV is based on information provided to the Foundation by the general partners or fund manager of each fund. Management takes into consideration consultation with fund investment managers and audited financial information to determine the overall reasonableness of the recorded fair values.
- *Other equities* are valued based upon a third-party appraisal.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Investments are exposed to various risks such as interest rate, market and credit risks. Because of these risks, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

Details of the Foundation's investments in private equity and hedge funds are as follows (in thousands):

STRATEGY	2023 FAIR VALUE	2022 FAIR VALUE	REMAINING LIFE FOR LOCK-OUT PERIOD	REDEMPTION TERMS
Private equity funds* - Invest in a diversified portfolio of partnerships that invest in middle market companies, healthcare, media and technology, secured debt, leveraged buyouts, growth equity, venture capital, distressed senior debt, and private market transactions.	\$218,350	\$150,729	Funds dissolve between 2027 and 2035 subject to extension or early termination. May be further extended by the general partner subject to approval by the limited partners.	Distributions are made solely at the discretion of the general partners. The Foundation has no ability for redemption except in limited cases.
Hedge funds - Invest primarily in structured credit securities, global fixed income and foreign exchange funds.	\$62,360	\$39,357	None.	Monthly or quarterly redemptions.
Total	\$280,710	\$190,086		

*The Foundation has unfunded private equity commitments of approximately \$203 million at December 31, 2023.

Changes in the value of Level 3 assets consist of the following (in thousands):

	OTHER EQUITIES	CHARITABLE REMAINDER TRUST	TOTAL
Balance at December 31, 2021	\$ 29,900	\$ 1,618,795	\$ 1,648,695
Unrealized gain	3,200	49,212	52,412
Distributions		(28,315)	(28,315)
Balance at December 31, 2022	33,100	1,639,692	1,672,792
Unrealized gain	4,400	149,715	154,115
Distributions		(53,264)	(53,264)
Balance at December 31, 2023	\$ 37,500	\$ 1,736,143	\$ 1,773,643

NOTE 5 - INVESTMENT AND SPENDING POLICY

The Foundation follows an investment and spending policy that attempts to provide a predictable stream of income to fund its charitable activities. Following this strategy, the Board invests all Foundation assets, restricted and unrestricted, in a manner that is intended to produce results that meet or exceed minimum distribution requirements plus inflation while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount. To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

The Foundation has a policy of appropriating for distribution each year an amount that at least meets the minimum distribution as required by tax laws pertaining to private foundations. These distribution payouts will be used to meet both grant making and administrative needs of the Foundation. To meet the payout level determined each year, the Foundation follows the investment policy described above, utilizing both income and capital appreciation. Where prudent, and not inconsistent with the Foundation's trust indenture or the Uniform Prudent Investor Act (the Act) of the Texas Trust Code, the Foundation may use a portion of the principal of certain funds to meet the established payout or to fund special projects, as determined by the Board.

NOTE 6 - RIGHT-OF-USE ASSET AND LEASE LIABILITY

The Foundation leases certain office space used in its operations that is classified as an operating lease. Payments due under these lease contracts are fixed. The Foundation elected to use a risk-free rate for a period comparable with that of the lease term as the discount rate. The components of lease cost for the year ended December 31, 2023 are as follows (in thousands):

Operating lease cost – rent expense	\$153
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows from operating lease	\$155

Operating lease costs for the year ended December 31, 2022 was approximately \$155.

Reconciliation of the undiscounted cash flows related to operating leases to the discounted amount reported in the statement of financial position as of December 31, 2023 are as follows (in thousands):

2024	\$	132
2025		132
2026		132
2027		132
Thereafter		121
Total minimum lease payments		649
Less discount to present value		(63)
Total lease liabilities recognized	\$	586

As of December 31, 2023, the weighted-average remaining lease term for the operating leases is 4.9 years. The weighted-average discount rate associated with the operating leases as of December 31, 2023 is 4.1%.

NOTE 7 - FEDERAL EXCISE TAX

The Foundation qualifies as a tax-exempt organization, and accordingly, is not subject to federal income tax, except to the extent that it has unrelated business income. However, the Code imposes a 1.39% excise tax on private foundations on net investment income (principally interest, dividends and net realized capital gains, less expenses incurred in the production of investment income).

A deferred tax liability results from unrealized increases or decreases in fair value (appreciation) that are reported for financial statement purposes prior to recognition for tax purposes. Deferred taxes have been provided at 1.39%.

The Foundation's federal excise tax expense activity is as follows (in thousands):

	2023	2022
Current federal excise tax	\$ 1,669	\$ 17,765
Deferred federal excise tax expense (benefit)	5,425	(18,609)
Total federal excise tax expense (benefit)	\$ 7,094	\$ (844)
Current federal excise tax receivable (payable)	\$ (205)	\$ 37
Deferred federal excise tax liability	\$ (6,337)	\$ (913)

Internal Revenue Code §4942 requires that the Foundation make qualifying charitable distributions equal to approximately 5% of the fair value of noncharitable assets reduced by acquisition indebtedness, if any, with respect to such assets. Such qualifying distributions must be made by the end of the succeeding taxable year in order to avoid the imposition of a 30% excise tax on any undistributed income. The Foundation is currently in compliance with these provisions and is not subject to this excise tax on undistributed income. The Foundation believes that it has appropriate support for the excise tax positions taken, and as such, does not have any uncertain tax positions that would result in a material impact on the Foundation's financial position or statement of activities.

NOTE 8 - INTEREST IN CHARITABLE REMAINDER TRUST

For the year ended December 31, 2022 and in prior years, the Foundation reported its interest in the Trust based on the estimated fair value of the Foundation's percentage remainder interest held by the Trust, less the present value of the payments expected to be made to other life estates. The present value method for measuring the fair value of the contribution considers (a) the estimated return on the invested assets during the expected term of the Trust, (b) the contractual payment obligations under the Trust, (c) life expectancies of remaining named income beneficiaries, and (d) an interest rate of 6.5%. In November 2023, the final named income beneficiary passed away, and as of December 31, 2023 the Foundation is reporting its remainder interest held by the Trust at fair market value.

The Foundation received distributions from the Trust applicable to its remainder interest in the income attributable to certain expired life estate interests in the Trust. One-half of these distributions are restricted in perpetuity, and the remaining funds are restricted until distributions are made. Because all life estates have expired as of December 31, 2023, the Foundation will begin receiving final distributions as the assets of the Trust become liquid and the Trust terminates. It is expected these final distributions will be restricted in the same manner as previous distributions.

NOTE 9 - GRANTS PAYABLE

At December 31, 2023, grants approved and committed for future payments are expected to be funded as follows (in thousands):

2024	\$	17,030
2025		4,409
2026		1,376
2027		10,000
2028		20,000
Thereafter		<u>81,740</u>
Total		134,555
Discount at rates ranging from 0.17% to 4.22%		<u>(1,934)</u>
Total grants payable	\$	<u>132,621</u>

Grants payable at December 31, 2023 include approximately \$101 million in amounts due to the University of Texas and Rice University.

NOTE 10 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted as follows (in thousands):

	2023	2022
Subject to the passage of time:		
Interest in charitable remainder trust	\$ 868,072	\$ 819,846
In perpetuity, not subject to appropriation or expenditure:		
Interest in charitable remainder trust	868,072	819,846
Investments	<u>769,606</u>	<u>663,782</u>
Total not subject to appropriation or expenditure	<u>1,637,678</u>	<u>1,483,628</u>
Total net assets with donor restrictions	<u>\$ 2,505,750</u>	<u>\$ 2,303,474</u>

The Board, following the provisions of the Foundation's trust indenture and the Texas Trust Code, classifies net assets, revenue, gains, and losses based on the existence or absence of donor-imposed restrictions, as applicable. Accordingly, net assets of the Foundation and changes therein are classified and reported as such.

Net assets with donor restrictions subject to the passage of time consist of estimated future distributions from the Trust. Assets are released from restriction when time restrictions are met.

Net assets restricted in perpetuity consist primarily of a portion of the interest in the Trust, investments from the original donors to be maintained in perpetuity, invested distributions from the charitable remainder trust to be maintained in perpetuity, and paintings to be held in perpetuity. In 2022, all shares of ANAT were exchanged for \$190 cash per share. Proceeds in the amount of \$64,319,000 from the sale of the 338,522 shares are restricted in perpetuity at December 31, 2023 and 2022. Changes in *net assets with donor restrictions* not subject to appropriation or expenditure include the permanently restricted portion of the unrealized gain or loss on the ANAT common stock.

NOTE 11 – RELATED PARTY TRANSACTIONS

Two members of the Board are each beneficiaries of two separate trusts that, collectively with two other separate trusts of which their siblings are each beneficiaries, has a majority ownership interest in the ultimate holding company of Moody National Bank of Galveston (the Bank). The Bank leases office space to the Foundation and provides the Foundation with general banking services, general bookkeeping services, and physical custody of records and marketable securities. Total payments to the Bank were approximately \$631,000 and \$606,000 during the years ended December 31, 2023 and 2022, respectively.

The Bank also serves as trustee for the Libbie Shearn Moody Trust (see Note 1).

Moody Memorial Research Institute (MMRI) was created in 2018 as an initiative to create a medical research organization. The Foundation contributed \$1.2 million during 2022 to MMRI.

NOTE 12 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 30, 2024, which is the date that the financial statements were available for issuance. As a result of this evaluation, no events were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.
